Special Qualities				
-------------------	--	--	--	--

#### Armor Training (Ex) [ CR ]

You are more maneuverable while wearing armor. Whenever you are wearing armor, you reduce the armor check penalty by 1 and increase the maximum Dexterity bonus allowed by your armor by +1

#### Bonus Feat [ CR ]

Humans select one extra feat at 1st level.

#### Bonus Feats [ CR ]

At 1st level, and at every even level thereafter, a fighter gains a bonus feat in addition to those gained from normal advancement (meaning that the fighter gains a feat at every level). These bonus feats must be selected from those listed as combat feats, sometimes also called "fighter bonus feats." Upon reaching 4th level, and every four levels thereafter (8th, 12th, and so on), a fighter can choose to learn a new bonus feat in place of a bonus feat he has already learned. In effect, the fighter loses the bonus feat in exchange for the new one. The old feat cannot be one that was used as a prerequisite for another feat, prestige class, or other ability. A fighter can only change one feat at any given level and must choose whether or not to swap the feat at the time he gains a new bonus feat for the level.

#### Bravery (Ex) [ CR ]

You gain a +2 bonus to Will saves against fear effects.

#### Skilled [ CR ]

Humans gain an additional skill rank at first level and one additional rank whenever they gain a level.

#### Weapon Training (Ex) [ CR ]

Attacks with a weapon from listed groups, gain a bonus on attack and damage rolls. (Included in weapon blocks) Heavy Blades +1

Feats				
-------	--	--	--	--

#### Improved Bull Rush [ CR ]

You are skilled at pushing your foes around.

You do not provoke an attack of opportunity when performing a bull rush combat maneuver. In addition, you receive a +2 bonus on checks made to bull rush a foe. You also receive a +2 bonus to your Combat Maneuver Defense whenever an opponent tries to bull rush you.

#### Improved Shield Bash [ CR ]

You can protect yourself with your shield, even if you use it to attack.

When you perform a shield bash, you may still apply the shield's shield bonus to your AC.

#### Power Attack [ CR ]

You can make exceptionally deadly melee attacks by sacrificing accuracy for strength.

You can choose to take a -2 penalty on all melee attack rolls and combat maneuver checks to gain a +4 bonus on all melee damage rolls. This bonus to damage is increased by half (+50%) if you are making an attack with a two-handed weapon, a one handed weapon using two hands, or a primary natural weapon that adds 1-1/2 times your Strength modifier on damage rolls. This bonus to damage is halved (-50%) if you are making an attack with an off-hand weapon or secondary natural weapon. You must choose to use this feat before making an attack roll, and its effects last until your next turn. The bonus damage does not apply to touch attacks or effects that do not deal hit point damage.

#### Saving Shield [APG]

You deflect attacks that could mean your ally's death.

Whenever an adjacent ally is the target of an attack, you can, as an immediate action, grant that adjacent ally a +2 shield bonus to AC. You must be wielding a light shield, heavy shield, or tower shield to use this feat.

#### Toughness [ CR ]

You have enhanced physical stamina.

You gain +6 hit points.

#### Two-Weapon Fighting [ CR ]

You can fight with a weapon in each of your hands. You can make one extra attack each round with the secondary weapon.

Your penalties on attack rolls for fighting with two weapons are reduced. The penalty for your primary hand lessens by 2 and the one for your off hand lessens by 6. See Two-Weapon Fighting in Chapter 8.

#### Weapon Focus (Scimitar) [ CR ]

You are especially good at using your chosen weapon.

You gain a +1 bonus on all attack rolls you make using the selected weapon.

#### Weapon Specialization (Scimitar) [ CR ]

You deal extra damage when using your chosen weapon.

You gain a +2 bonus on all damage rolls you make using the selected weapon.
